**Subject:** For this week's "Thursday Note"  
Update Carbaryl Methomyl draft BEs ds.docx

A condensed version should be included in what we send Wendy tomorrow afternoon.

RD should **Ex. 5 - Deliberative Process**

Since we are supposed to add talks that I'm giving, might want to add the dicamba webinars that I'm doing with the ag retailers and the University of GA.

If I think of other things later in the day, I'll shoot you another note.

I hope it's quiet there today!

**Subject:** For your review: draft OPP update for meth and carb draft BEs

Rick,

I understand we would like to release these BEs ASAP.

Hi folks,

OPP management wants the OPP update for the methomyl and carbaryl draft BEs finalized ASAP so we can get the green light to push these docs out the door. Do you guys have comments/edits on the version we sent last week (attached)? Can we push this forward today?

Thanks,

Khue Nguyen

Hi ESA team,

Apparently we need the comms materials (OPP update) as close to final as soon as possible, given that the comms docs are needed in order to receive approval to release the draft BEs for carbaryl and methomyl. Khue, can you please track down the status of the OPP update and let FEAD know we need it ASAP in order to get clearance to release the draft BEs? Thanks.

Anita
